The magical power of working in a group

Theosophical Society Point Loma (TSPL)

We welcome everyone who wants to think independently and is seeking truth and wisdom. We offer universal knowledge which underlies all world philosophies and religions, and which is based on the 'How' (Science), the 'Why' (Philosophy) and the 'What' (Religion) of life.

Our goals

1. To diffuse among men the knowledge of the laws inherent in the Universe.
2. To promulgate the knowledge of the essential unity of all that is, and to demonstrate that this unity is fundamental in Nature.
3. To form an active brotherhood among men.
4. To study ancient and modern religion, science and philosophy.
5. To investigate the powers innate in man.
