Theosophical Society Point Loma (TSPL)

We welcome everyone who wants to think independently
and is seeking truth and wisdom. We offer universal knowledge
which underlies all worldphilosophies and religions, and which
is based on the 'How' (Science), the 'Why' (Philosophy) and
the 'What' (Religion) of life.

Our goals

1. To diffuse among men the knowledge of the laws inherent in the Universe.
2. To promulgate the knowledge of the essential unity of all that is, and to demonstrate that this unity is fundamental in Nature.
3. To form an active brotherhood among men.
4. To study ancient and modern religion, science and philosophy.
5. To investigate the powers innate in man.
